

The Energy Ball

Cedar Court, Bradford

25.04.26

6:30pm - late

Powering vital research, awareness and support for mitochondrial disease...

Get ready for an electrifying night of **FUN**draising! Following last year's hugely successful Energy Ball, we are thrilled to announce The Energy Ball 2026, held in the stunning Cedar Court Bradford on Saturday 25th April.

We would like to invite our incredible friends, supporters and everyone who wants to support our brilliant cause to come together and celebrate our charity with high-energy fun, dancing and a fantastic evening of fundraising.

The funds from this event will power **awareness**, **support** and **research** for mitochondrial disease (mito). We directly support nearly 50 families across the UK, indirectly thousands more, and fund research to find a cure and a treatment for mito for everyone impacted.

**THREE COURSE MEAL / WELCOME DRINK / LIVE ENTERTAINMENT
LUCKY DIP & RAFFLE / SILENT & LIVE AUCTIONS**

We would love to partner with you. Please email us at contact@mymitomission.uk or call **0300 102 1112** to discuss any of the following information, and sponsorship...

We are seeking businesses to partner with as sponsors of our **major flagship fundraising event** of 2026.

We are a small charity based in Elland, West Yorkshire, raising funds & awareness for mitochondrial disease (mito), a **genetic, debilitating and potentially life-limiting** energy production illness, which affects all ages, and has **no treatment or cure**.

We support a network of 'missions' across the UK, enabling **anybody impacted by mito**, whether they themselves have it, a loved one, or a loved one who has sadly passed away, to set up their own 'mini-charity' using their own story, name & image. We found that this encourages communities to rally around a family and raise awareness and funds if they wish, which all go into our central pot to fund **awareness, support and research**.

We counter the **inequity, isolation, lack of validation and disempowerment** caused by mito being little-known. It's often invisible and impacts **mental health** in two ways - psychologically, coping with the diagnosis, symptoms and isolation, and physiologically, as neurological damage is common.

**If you would like to know more about our charity and the work we do, please take a look at our website:
www.mymitomission.uk**

What it means...

"Our mission has been life-changing for me. I now feel part of the solution in raising hopes of a cure for the illness affecting me and our son."

-Mum Steph, Steph & Jake's Mito Mission

"Being told that our precious daughter has a life-limiting, progressive disease with no treatment or cure broke us as parents. We knew we had to pick ourselves up and do something. Her mission was our answer, giving us the positive focus we needed."

-Mum Emma, Lillia's Mito Mission

A partnership also means:

Corporate Social Responsibility

By collaborating with My Mito Mission and participating in this flagship event, you can fulfil your CSR/ESG aspirations.

Marketing

Aligning your brand with The Energy Ball, a meaningful cause and registered charity with a growing audience, serves as a powerful marketing asset.

Fun, Guest Engagement & Hospitality

We are committed to ensuring that your guests enjoy an unforgettable experience filled with fun, dancing, and cherished memories!

Staff Incentive

If you're looking to reward your hardworking staff, an evening at our charity ball offers a fantastic team-building experience.

Bespoke Options

We are happy to collaborate with you to create customised promotional opportunities before, during, and after the event.

Our Headline Sponsor is...

KTH Engineering Group, our generous supporters who also kindly donate office space to us!
